Auctioneer Rachel Capstick:
Cast Sheep did not match Thursday's trade this morning. The hoggs were a nice trade for smarter and well fleshed goods – plenty over the £2/Kilo. A higher proportion of lighter weights and half meat pulled the overall average back.
Store hoggs followed and these sold very well in comparison to a high of £72.50 and just shy of a £60 average.
The highlight of the day however was the dispersal sale of in lamb Dorset Horn Ewes for Carol & Mick Crawshaw, Trawden. Ewes scanned with twins due 10th March onwards sold to £152 and Shearlings scanned at 150% sold to £180.
NEXT WEEK, we have several batches of in lamb sheep entered to follow the prime sale including the annual sale of Texel & Beltex females.
Further entries to the office 01200 441351 by Tuesday lunch time please.
Thank You

<p>Sheep Auctioneer: Rachel Capstick</p> <p>Fierce bidding resulted in a very pleasing hogg trade indeed, twice as many could have been sold. Pen after pen of the smarter Beltex and Texels (272p, 252p, 250p, 244p, 240p, 235p etc etc) and too many to mention well and truly over the £2/kilo with an overall SQQ average of 195.4p</p> <p>Ewes were good to sell too, best over £100. Plenty decent Mules and Texels in the £80's. Gritstone and Lonk in the £60's. Again, many more ewes could have been sold.</p>
