Auctioneer Rachel Capstick:

A very good cast ewe trade this morning – plenty of Continentals £120-£150. Best Mules over £100, Jacobs to £80, Swales to £78 and Herdwicks to £74.

So, hoggs were not the dizzy trade of a fortnight ago, but anything with weight and finish £100-£130 and in fairness for the goods on offer at this stage in the season all vendors were satisfied. More than half the total entry were lightweights and stores shown through the fat which dragged the average back when doing any comparison!

We started the ewes and lambs just shortly after 11.30am. Topping the market were outfits which had travelled the furthest – all the way from Co. Durham - Texel ewes with twins at £260. Harry Wood, Dutton sold a Mule 2-shear ewe with a Beltex-embryo lamb at £248. Plenty of nicer outfits above £200 from the Umpleby family, Chris Craven and John Mitchell too.

There was something for everyone and somebody for everything. The next standard down were generally £160-£180 for correct twin outfits and with singles £130-£150 depending on the size of lamb.

Remember to book your entries in for next Saturday to 01200 441351 by Tuesday lunchtime for the catalogue and advertising. We expect a larger number of ewe and lamb outfits next week on a full Saturday. Thanks
