Mike Robinson was in top spot today at £2020 to Dave Coulthurst with another super 32lt heifer. Most of the better heifers were around the £1800 bracket today and in general everything got to the price. A good 2nd lactation cow from Jeremy Taylor climbed to £1700 going to Doug Graves Carlisle.

There were plenty of useful heifers that seemed good value at £1500.

NEXT WEEK IS COGENT WEEK and we expect 40 to 50 milkers and 15 pedigree stirks from Doug Graves.

Alan Parkinson's cattle are coming on Thursday 26th July as planned. This is a great opportunity to buy some good, young cows and heifers.

Fred and the dairy team ☺

A decent entry of 134 calves on Yorkshire Show week. Blues made up nearly half of the total entry.

Alan Bowker, Cowling topped the market once again with a quartet of strong bulls at £570 and a quartet of heifers at £425. Plenty of bulls topped £400. The trade of the day perhaps would be the medium type of calves. John Ibison sold a pair of beautiful Limousin bulls at £470 each. The best Angus bulls could top £300 but smaller sorts could be bought £100 less. Angus heifers would be a shade easier today than last week. Not as many Herefords on offer today, bulls averaged £254 and heifers £180. Black & White bulls could not match the trade of the last couple of weeks. Topping at £120 but plenty in that £60-£90 bracket.

NEXT WEEK we would expect an entry of 200 calves followed by 100+ stirks which comprise a mixture of reared calves and dairy cross Continentals as well as smarter suckler bred goods, generally 6-9 months of age. Please ring the office on 01200 441351 with stirk entries for the catalogue prior to Tuesday lunchtime. Thank you.
